

Daniel W. Coyne

Dan Coyne is the Whiteshell Laboratory Closure Project Head and General Manager for Canadian Nuclear Laboratories (CNL). Prior to his assignment with CNL, Dan was the President and General Manager of CH2M HILL B&W West Valley (CHBWV), responsible for all aspects of decommissioning for the West Valley Decommissioning Project. Dan has over 32 years of experience in the nuclear industry, including 24 years of management experience in operating, maintaining, and demolishing high risk nuclear facilities and reactors at United States Department of Energy (DOE) sites in Colorado, Idaho, and New York. Prior to his DOE experience, Dan served eight years in the U. S. Navy operating and maintaining nuclear reactors in the Naval Nuclear Power Program.
